

Visionary Design for Extraordinary Spaces

COMMERCIAL DESIGN | RESIDENTIAL DESIGN | INTERIOR DESIGN

ABOUT

Dedicated to bring your vision to life!

We believe that architecture has the power to shape our world. With our expertise, creativity, and commitment, we strive to create spaces that inspire, innovate, and exceed expectations. Whether you're looking to build a new home, renovate an existing space, or embark on a large-scale commercial project, our skills combined with our team of designers is here to guide you through every step of the process. We believe that every design should be in harmony with its given environment, be it through the physical and tangible or through the intangible. Armed with the mantra of "reduce, recycle, retrofit and reuse", the people at VNA see their unique position as an opportunity to make a difference and ensure sustainability in today's world. Aware eyes and ears let the location and its context dictate the strokes of brush and pen. The result is a harmonious fusion of built and undeveloped, of man and nature.

Blending esthetics with Creativity!

Founded in 2010 by Vibhor Bhartiya and Neha Bhartiya, our avant-garde designs curate a unique blend of the richness of the past and the sense of utility of the future. Identifying the unique environment of each project and reinterpreting the vernacular with a sensitivity to nature has always been a source of inspiration for VNA.
